NEXUS ACADEMY - LECTURE NOTES

Newtonian Mechanics Summary & Formula Sheet

Course: HSC Physics (PHY-101) | Faculty: Nusrat Jahan (Physics Lecturer)

Location: 965/1 Middle Monipur, Mirpur-2, Dhaka-1216

Key Topics Covered:

1. Newton Three Laws of Motion & Conservation of Linear Momentum
2. Static, Kinetic and Rolling Friction Coefficients
3. Circular Motion Dynamics, Banking of Roads and Centripetal Force
4. Rotational Inertia, Torque, and Angular Momentum

Official Study Material for Enrolled Students Only. Nexus ELMS Compliant.
